

Dear New City Families:

July 1 2014

Hope your summer is restful, relaxing and rejuvenating.

As promised here is the update regarding our facilities:

Below is an email updated from Paul Donovan, Charter Facilities Expert, to our board team-members who are working on the facilities project. Refrain from calling/emailing Mr. Paul Donovan about our facilities ~ kindly send me all your queries and I will happily field them. Sincerely, Mr. Jit

*Mr. Jit*

*Basically it states that local Parishes did not approve the swapping of campuses and due to financial and other constraints the Parishes cannot build as of now.*

*We will move 3 classrooms (to be determined) to Grace Center about 0.5 miles from our current location to house our growing numbers--if need be--while we search for a larger building.*

**Facilities Update: (Email Sent to New City Board from Paul Donovan)**

Northeast Lutheran/Holland School is comfortable with the MDE approval process timeline for a second location (early to late fall or sooner). They have provided us a lease which will be reviewed once we are comfortable the approval is likely.

We continue to work on St. Cyril's and Holy Cross trying to accomplish one of three outcomes:

1. New City relocate to Holy Cross – a much larger facility with all of the amenities necessary for a grade school
2. St. Cyril sell and we build the addition
3. St. Cyril build the addition and we rent long term

Our journey continues and we will keep you properly informed. We will also continue looking in NEast Mpls. As always, please reach out with questions.

Thank you.
